

Single Submission Details

Single submissions for contributed presentations are welcomed in topics aligning with the conference themes. A single submission is a 25-minute oral presentation followed by a 5-minute Q&A session. The final talk duration will be confirmed once all submissions are reviewed.

All single submissions should provide a title, a concise abstract, limited to 1,500 characters, including spaces, and keywords.

It's important to note that speakers can make only one oral presentation. This can be either as part of a minisymposium or as a single submission.
