

Are you a student of the Mechanical Engineering for Sustainability course or Aerospace Engineering?

Do you want to challenge yourself with a team-working project involving local companies and put your soft skills to the test?

Join the UNitech project

Where: University of Bologna, Forlì Campus, Engineering Department, via Montaspro 97, Room 1.5

When: December 10, 2025, from 10:00 AM to 5:00 PM

UNIBO, in collaboration with Randstad Technical, is organizing an orientation day for students of the Mechanical Engineering for Sustainability and Aerospace Engineering courses.

During the event, you will be able to:

- Participate in a **team-working** activity presented by local companies
- Assess your **soft skills** within a work team
- Take part in a **roundtable discussion** to understand how to enhance your skills

Would you like to confirm your participation?
