

Networking the
Educational World:
Across Boundaries for
Community-building

PRESENTATION OF THE *SCIENCE SHOP*

The event is dedicated to the presentation of the Science Shop, created as part of the NEW ABC project (Networking the Educational World: Across Boundaries for Community Building). The Science Shop has the purpose of welcoming, evaluating and supporting research requests coming from civil society (schools, non-profit organizations, citizens) in order to help individuals and communities better understand or find answers and solutions to concerns related to the inclusion of migrant and vulnerable children and youth in education.
